ABOUT ICN-2027

The International Conference on Nanomaterials (ICN-2027) aims to bring together leading scientists, researchers, academicians, industry experts and young scholars from across the globe to exchange knowledge, share innovative ideas and discuss recent advances in nanomaterials and their applications. ICN-2027 will provide a premier platform for interdisciplinary collaborations and cutting-edge research for addressing global challenges and building a sustainable future.

OBJECTIVES

To provide a global platform for exchange of knowledge on nanomaterials and nanotechnology.

To promote interdisciplinary research and foster collaborations among academia, industry and research institutions.

To explore innovative technologies and their real-world applications for societal benefit and sustainability.

To encourage young researchers and students to present their ideas and showcase their research.

To address global challenges through green nanotechnology and sustainable materials development.

To bridge the gap between fundamental research and industrial innovation.

MAJOR THEMES

01

ADVANCED NANOMATERIALS AND FUNCTIONAL MATERIALS

- Nanomaterials: Synthesis, Processing and Characterization
- Crystal Growth and Functional Materials
- Nanocomposites and Advanced Functional Materials
- Carbon Nanomaterials, Graphene and Two-Dimensional (2D) Materials

02

THIN FILMS, COATINGS AND ADVANCED MANUFACTURING

- Thin Films, Coatings and Surface Engineering
- Nanomanufacturing and Additive Manufacturing
- Materials for Semiconductor and Electronic Manufacturing
- Advanced Ceramics and High-Temperature Materials

03

NANOELECTRONICS, QUANTUM TECHNOLOGIES AND PHOTONICS

- Nanoelectronics, Spintronics and Quantum Materials
- Nanosensors, Nano-Optics and Photonic Devices
- Quantum Materials and Quantum Devices
- Flexible, Wearable and Printed Electronics

04

ENERGY, ENVIRONMENT AND SUSTAINABLE NANOTECHNOLOGY

- Nanotechnology for Energy Conversion and Storage
- Green Nanotechnology and Sustainable Materials
- Nanomaterials for Environmental Monitoring and Water Purification
- Hydrogen, Fuel Cells and Solar-Energy Materials

05

NANOBIOTECHNOLOGY AND HEALTHCARE

- Nanobiotechnology
- Nanomedicine and Drug Delivery
- Biomedical Nanomaterials and Biosensors
- Tissue Engineering, Bioimaging and Diagnostic Nanotechnologies

06

DEFENCE, AEROSPACE AND NUCLEAR MATERIALS

- Nanomaterials for Defence and Aerospace Applications
- Nuclear Materials and Radiation Technologies
- High-Performance Structural and Protective Materials
- Smart Materials and Advanced Sensors for Strategic Applications

07

COMPUTATIONAL NANOSCIENCE AND ARTIFICIAL INTELLIGENCE

- Computational Nanoscience and Materials Modelling
- Artificial Intelligence and Machine Learning for Materials Discovery
- Multiscale Modelling and Digital Materials Design
- High-Throughput Simulation and Materials Informatics

KEYNOTE SPEAKERS (CONFIRMED)

Dr. Siti Hajar Othman
Associate Professor
Faculty of Engineering
Universiti Putra Malaysia
MALAYSIA

Prof. Tata Narasinga Rao
Vice Chancellor
Sri Venkateswara University
(Former Director, ARCI &
Adjunct Professor, IIT
Hyderabad)
Tirupati,
ANDHRA PRADESH, INDIA

Prof. John Philip
Emeritus Professor
Cochin University of Science
and Technology
(Former Associate Director,
IGCAR, Kalpakkam)
Kochi,
KERALA, INDIA

Dr. A. Samson Nesaraj
Professor
Department of Chemistry,
Kalasalingam University
Krishnankovil
TAMILNADU, INDIA

Dr. A. Manuel Stephan
Chief Scientist
CSIR - CECRI
Karaikudi,
TAMILNADU, INDIA

Dr. Vadivel Murugan
Professor
Centre for Nanoscience and
Technology
Pondicherry University
PUDUCHERRY, INDIA

Dr. T. Joseph Sahaya Anand
Professor & Director
School of Computing
MIT Vishwaprayaag
University
Solapur
MAHARASHTRA, INDIA

Dr. Sangita Bose
Associate Professor
UM-DAE Centre for Excellence
in Basic Sciences
University of Mumbai
MAHARASHTRA, INDIA

Dr. Edward Prabu Amaladas
Scientific Officer F
Materials Science Group,
IGCAR - Kalpakkam
TAMILNADU, INDIA

Dr. Balaji Rengarajan
Senior Scientist
ARCI - Centre for Fuel Cell
Technology
Chennai
TAMILNADU, INDIA

CALL FOR PAPERS

The Organizing Committee invites the submission of original research papers in all conference themes for presentation.

**FACULTY

ABSTRACT GUIDELINES

- Abstract should be approximately 200 words.
- Prepared in Times New Roman, 12-point font.
- 1.5 line spacing.
- Submit through the ICN-2027 Online Submission Portal.

SUBMIT ABSTRACT ONLINE

Intimation of Acceptance
of Abstract

3 to 7 days after
abstract submission.

Registration Fee Payment for
Accepted Presenters

Immediately after
receiving the
acceptance email.

JOURNAL / PROCEEDINGS PUBLICATION

Selected original research papers, following a rigorous peer-review process, will be considered for publication in the Journal of Physics: Conference Series (Scopus-indexed), published by IOP Publishing, UK. The conference organizers have previously published the proceedings of their conference in Journal of Physics: Conference Series (Volume 2886, Issue 1, November 2024).

Visit the journal page for more details.
