

## Sponsorship Menu

The #RSCPoster Conference is a unique annual online event that brings together the global scientific research community to share work, connect across disciplines, and engage in scientific discussion.

Hosted on LinkedIn over 24 hours (3-4 March), the conference eliminates the environmental and financial barriers of traditional events, making participation free, sustainable, and accessible to researchers worldwide.

### #Key facts

- 24-hour online conference for the global chemistry community
- Open to researchers across all chemistry disciplines and career stages
- Posters are judged by expert Subject Chairs - leading scientists in their fields
- 2025 highlights: Over 1,122 registrants from 69 countries
