

ICCE ERZURUM TÜRKİYE ECRICE

13-17 July
2026

THEME

Chemistry Education
in the Age of
Artificial Intelligence

Call for Abstract Submissions

Integrating technology into chemistry teaching and learning is a transformative approach that empowers students and educators alike, creating a dynamic learning environment that fosters curiosity, critical thinking, and a deeper appreciation for the wonders of chemistry. Therefore, the theme of the conference has been identified as “Chemistry Education in the Age of Artificial Intelligence”. Whilst the emphasis is on technology integration, all areas of chemistry education research and practice will be given due priority at the conference.

Proposed Topics for the ICCECRICE 2026:

- Ethical and Responsible Use of Artificial Intelligence in Chemistry Education
- Good Practice of Effective Integration of AI in Chemistry Education
- Digitalization of Chemistry Education
- Assessment in Chemistry Education Research and Practice
- Equity and Inclusion in Chemistry Education
- Chemistry Teacher Education
- Chemistry Education and Outreach in Nonformal Settings and Unexpected Circumstances
- Chemistry Education for Sustainability
- Curriculum Studies and Policy Development in Chemistry Education
- Public Communication of Chemistry and Chemistry Education Research

Important Dates

Abstract Submission Deadline

February 15, 2026

Notification of Abstract Acceptance

March 15, 2026

Registration Open

January 1, 2026

Early Bird Registration Deadline

March 29, 2026
