ABOUT THE EXPO

India Pharma Global Expo 2027 is a premier international exhibition and conference dedicated to pharmaceuticals, biotechnology, APIs, HealthTech, manufacturing excellence, and PharmaTech innovation. The event is designed to spotlight the future of these industries by embracing innovation, digital transformation, and global collaboration.

It will bring together pharmaceutical companies, manufacturers, healthcare providers, policymakers, researchers, and technology leaders from around the world onto one powerful platform to share knowledge, explore solutions, and foster strategic partnerships.

The event will facilitate meaningful discussions on current scientific and management challenges while exploring innovative solutions and future directions that benefit the industry across regions. Our platform bridges the gap between solution providers, regulators, policymakers, and educators- driving collaboration and shaping a new era in the pharmaceutical and healthcare technology landscape.
