

Speaker Profile

Amy Goddard obtained her PhD in polymer chemistry from the University of Nottingham, and has over 12 years of industrial experience, designing products for a wide range of business markets across the consumer care and life sciences sectors.

Amy is a research and technology manager for Synthesis and Analytical at **Croda** and currently has responsibility for strategic development of chemistry platforms across the business, where sustainability is a topic of significant importance.

Summit session:

Title:

***Building a Coherent Learning Ecosystem
EPSRC Prosperity Partnership Mission
biodegradability: Foundations for the sustainable
future of formulated polymers***

Abstract:

TBC

Sustainable Polymers in Liquid Formulation Summit 2026

22 October 2026 | London, UK
