

21st International Symposium on Macrocyclic and Supramolecular Chemistry

5-9 September 2027 | Birmingham, UK

Plenary speakers

- Donna Blackmond, Scripps, USA
- Makoto Fujita, University of Tokyo, Japan
- Subi George, JNCASR, India
- Teresa Head-Gordon, University of California, Berkeley, USA
- Rachel O'Reilly, University of Birmingham, UK

Invited speakers

- Rahul Banerjee, Indian Institute of Science Education and Research (IISER) Kolkata, India
- Claudia Bonfio, University of Cambridge, UK
- Beatrice Collins, University of Bristol, UK
- Stefano Crespi, Uppsala University, Sweden
- Tony Davis, University of Bristol, UK
- Rienk Eelkema, Delft University of Technology, The Netherlands
- Ganna Gryn'ova, University of Birmingham, UK
- Itaru Hamachi, Kyoto University, Japan
- Cally Haynes, University College London, UK
- Julia Kalow, Northwestern University, USA
- Michael Kathan, Humboldt University of Berlin, Germany
- Zhichang Liu, Westlake University, China
- Paul McGonigal, University of Oxford, UK
- Charlie McTernan, The Francis Crick Institute, UK
- Jovana Milic, University of Turku, Finland
- Arri Priimagi, Tampere University, Finland
- Karen Robertson, University of Nottingham, UK
- Davleen Samanta, The University of Texas at Austin, USA
- Rocio Semino, Sorbonne University, France
- Natalia Shustova, University of South Carolina, USA
- Dean Toste, University of California, Berkeley, USA
- Cristina Trujillo, University of Manchester, UK
- Olalla Vazquez, Philipps-Universität Marburg, Germany
- Will Unsworth, University of York, UK
- Adam Urbach, Trinity University, USA
- Davita Watkins, Ohio State University, USA
- Marcey Waters, The University of North Carolina at Chapel Hill, USA
- Hai-Bo Yang, East China Normal University, China
- Dan Yang, Westlake University, China
